## Waiver, Assumption of Risk, and Agreement to Hold Harmless

I understand that participation in any dog training class is not without risk to myself, members of my family, or guests who may attend, or to my dog, because some of the dogs to which I (we) will be exposed may be difficult to control, and may be the cause of injury even when handled with the greatest amount of care.

I hereby waive and release Dee Ganley, and any of its' employees, trainers, volunteers, owners, and agents from any and all liability of any nature for injury or damage which I or my dog may suffer, including specifically, but not without limitation, any injury or damage which results from the action of any dog, and I expressly assume the risk of any such damage or injury while attending any training class or other function of the Dee Ganley and her staff or volunteers, or while in the AFD ( Andover Fire Department) or the surrounding area thereto.

In consideration of and as inducement to the acceptance of my application for training membership in this dog training class, I hereby agree to indemnify and hold harmless the Dee Ganley and any of its' employees, trainers, volunteers, owners, and agents from any and all claims, or claims by any member of my family or any other person accompanying me to any training session or function, or while on the grounds or the surrounding area thereto as a result of any action by any dog, including my own.

## Information For Dee Ganley privates or class

My classes blend effective, humane management techniques with positive reinforcement training methods. I believe this combination of management and positive reinforcement training is the most effective and humane method of creating happy, eager, and joyful partnerships between animals and humans. We will be learning and then practicing "Self Control Skills".

**What is Positive Reinforcement?** It is a training method based on the science of operant conditioning (which is a set of scientific principles about why animals change their behavior). Behavior is changed when it is reinforced. You will learn the fun, the joy, the challenge and the effectiveness of training your dog by positively reinforcing behaviors you want. And we'll show you how through good management to extinguish behaviors you don't want. You will learn to lead, but not to dominate.

### **The Important Details:**

After we receive your completed registration, temperament evaluation questionnaire we will confirm by phone or e-mail that you are registered.

**We start on time!** Please get there a few minutes ahead of time to be sure that you have all your training aids set up. Give yourself enough time to walk your dog so s/he can relieve himself before class. Be prepared to clean up after him.

**For dogs over 4 months old, bring proof of current DA2PV & Rabies vaccinations.**  
**Kennel Cough vaccine is optional**

**Drive Directions: I meet at various places so make sure you know exactly where we are meeting for your class.** (*these are drive directions to my home only*)

Route 11 to East Andover take Maple street (over the wooden bridge ) go to Highland lake B&B 4<sup>th</sup> house on on right this is tucker mountain Road follow to 4<sup>th</sup> driveway on Right 82 Tucker Mountain Road

Gate to barn will be open park down past the pond and agility field on your Right my home number is 603-735-5543

### **BRING the following TO EVERY PRIVATE or CLASS:**

- Bring LOTS of tasty bite size (one chew) food treats Really good smelly treats like hot dogs, string cheese, etc. You'll need at least 2 cups of treats. NO hard dog biscuits.
- Favorite toy (ball, Kong, pull toy) Chew toy
- Your dog should be wearing a flat buckle collar (no choke or pinch collars). If you have a gentle leader be sure to have it on your dog when you come into class.
- 6' leash nylon, canvas or leather (not a chain leash). No Flexi-leads during training class.
- For all agility classes use a lead with no loop handle
- Bring a blanket for the dog to lie on
- Please make sure you have poop bags as we need to keep the grounds clean - I have poop scoops at my home

**Don't feed your dog during the half-day before coming to private/class.**

Of course he can have all the water he needs. Positive reinforcement with food only works if your dog is hungry!!!! Don't spend lots of playtime with your PUPPY before class or he'll be too tired to learn. Do play with your adolescent dogs 15 minutes or so before class so they can work off their extra energy and can concentrate. Do your playing at home before driving to class. Use your judgment - you want to train your dog when he can focus and learn.

**For the best results the puppy or the adult dog will need to be HUNGRY, ALERT &**

**FOCUSED;**

**If your dog is hungry, alert and focused he'll learn quickly, develop self-control and work eagerly for the reward.**
